

## SPELLISTA 21 OKT RADOVAN HUDECECK

The screenshot shows a macOS Music application window titled "musik för mig". The interface includes a sidebar with "FAVORITER" (Alla mina filer, AirDrop, Radovan, Program, Dokument) and "ENHETER" (RADO 2GB, BANK4, RADOHUBBE). The main area displays a table of music files with columns for "Namn" and "Ändringsdatum".

| Namn                                                                 | Ändringsdatum            |
|----------------------------------------------------------------------|--------------------------|
